Q1/2023 Investor Presentation

This document may contain forward-looking statements regarding the business, results of operations, financial condition and earnings outlook of AIXTRON. These statements may be identified by words such as “may”, “will”, “expect”, “anticipate”, “contemplate”, “intend”, “plan”, “believe”, “continue” and “estimate” and variations of such words or similar expressions. These forward-looking statements are based on the current assessments, expectations and assumptions of the executive board of AIXTRON, of which many are beyond control of AIXTRON, based on information available at the date hereof and subject to risks and uncertainties. You should not place undue reliance on these forward-looking statements. Should these risks or uncertainties materialize or should underlying expectations not occur or assumptions prove incorrect, actual results, performance or achievements of AIXTRON may materially vary from those described explicitly or implicitly in the relevant forward-looking statement. This could result from a variety of factors, such as those discussed by AIXTRON in public reports and statements, including but not limited those reported in the chapter “Risk Report”. AIXTRON undertakes no obligation to revise or update any forward-looking statements as a result of new information, future events or otherwise, unless expressly required to do so by law. This document is an English language translation of a document in German language. In case of discrepancies, the German language document shall prevail and shall be the valid version.

Due to rounding, numbers presented throughout this report may not add up precisely to the totals indicated and percentages may not precisely reflect the absolute figures for the same reason.

Q1/2023 with strong momentum in demand

- Strong order intake in Q1/2023 – increased by 7% yoy to EUR 140m
- Equipment order backlog up 60% yoy to EUR 418m
- Revenues at EUR 77m due to shift of some tool deliveries driven by delayed export licenses

GaN/SiC Power Electronics biggest demand drivers

- Vast majority of order intake driven by Power Electronics:
 - **Wide-spread industrial adoption of GaN** drives order momentum
 - **SiC demand accelerating** with recently introduced **G10-SiC** representing largest part of total SiC orders

FY/2023 growth guidance¹ confirmed

- Order Intake: EUR 600m – 680m
- Revenues: EUR 580m – 640m
- Gross Margin: ~45%
- EBIT Margin: 25% – 27%
